

### Hope shows teacher appreciation

May 7-11 was National teacher Appreciation week and our member Rebecca Thompson inquired whether Hope wanted to participate. We discussed the idea at the Outreach Committee meeting and thought it would be a good opportunity for Hope to get involved in the community. All members of the committee, Michel Northsea, Diane Kahler, Jane Hise, Meredith Press, Julia Southard, and Renate Wilms-Rovin participated and provided a sumptuous breakfast for 80-100 teachers on Wednesday the 9th. From sweets and yogurt to fresh fruit, bagels, juice and coffee, there was something for every taste. We had fun doing it and the teachers were very appreciative. We also took flyers along to make the teachers aware of Hope's services and the upcoming Blueberry Social and Vacation Bible School.
